??? HAVE YOU EVER WONDERED ???

How are Shrine Bowl Coaches and Players Selected?

HOW ARE NORTH AND SOUTH TEAMS DIVIDED?

Dividing lines between North and South Teams is Highway 30 from the western border of Nebraska to Clarks, NE and then east on Highway 92 to Omaha. The towns on the dividing line will be divided to equalize the total number of players on the North and South. The cities of Omaha and Lincoln are divided independently.

HOW ARE COACHES SELECTED?

Each year the Shrine Bowl Football Committee uses the recommendations of past Shrine Bowl Coaches, active and retired Nebraska High School Football Coaches, Newspaper, Radio & TV Sports Departments for suggestions and recommendations in selecting the two head coaches and six assistant coaches for the Shrine Bowl Game. The selection group, in making their determination, takes into consideration the location of previous coaches and choose, as nearly as possible, the new staffs on geographically equitable basis and diversity in school size. Each year all previous Shrine Bowl Assistant Coaches are considered for the Head Coach assignment. To be a Head Coach you must have aserved as an Assistant Coach. The selection of the coaching staff is made in October each year.

HOW ARE PLAYERS SELECTED:

In late October each year, a letter is mailed from the Shrine Bowl office to all schools having a football program in the State of Nebraska. The coaches are asked to consider their players who are graduating as a potential Nebraska Shrine Bowl Player. This information is returned to the Shrine Bowl Office on a supplied recommendation card. When the Shrine Bowl Office receives all the cards, they are turned over to the selected coaching staff to begin the player selection process. Each coaching staff carefully weighs the information on the recommendation cards and makes their selections based on pertinent information provided by their coach, reviewing films, their knowledge of players and the number of players required at each position. On the initial selection each coaching staff usually reviews several hundred recommendations before making their final 35 player team. In addition to the final selection of 35 players, a number of boys are selected as alternates in case some decline to play or injuries prevent their participation.

MEMBERS OF THE SHRINES FROM TANGIER, TEHAMA OR SESOSTRIS, OR ANY SHRINE BOWL OFFICER OR STAFF, HAVE ABSOLUTELY NO PART IN THE SELECTION OF PLAYERS. THIS IS DONE ENTIRELY BY THE COACHING STAFFS.
